2012-2013 Season Stats:
Batting Average: .531 RBI: 64
Fielding Stats: Errors: 1 Fielding %: .938

STRENGTHS: I can throw hard and get 95% of the girls out that steal. I play my position very well. I feel I have a good eye for the ball at bat. However, I consider my passion and heart for the game to be my greatest strengths. I love the competitiveness of a close game. I've grown to love the game more than anything else.

WEAKNESSES: I need to work on not getting so frustrated when the game isn't going well. I also need to learn how not to get upset when I do poorly.

I am interested in attending a small to medium size college preferably from the Midwest to West.
